ENTRIES LIMITED TO THE FIRST 30 BOYS & GIRLS TO ENROL

All participants qualify to become a junior member of the Whittlesea Golf Club, till the end of March. This entitles them to use of the course from our Junior Tees on the front nine. They will also receive a number of free golf related items, and are able to use our Junior golf equipment for free.

Dear Parents,

Your child has indicated an interest in taking part in the junior golf starter program conducted by our club.

We welcome him/her most cordially and assure you that we will do our best to promote those skill and character-building qualities which a good sporting experience can provide for any young person.

Apart from providing the gift of lifetime recreation, golf has special qualities that can have powerful and lasting impacts on young people's self-image, personal development and confidence. We hope that you will support and encourage your child's participation.

In order that you are informed regarding the organization and requirements of our junior program, the following details are provided:

- ✚ The program will be conducted using equipment and activities ideal for children. Our emphasis will be on skill development with a mix of coaching, team games and fun.
- ✚ The boys and girls will be trialling Junior Members of our club throughout the program with opportunities for them to play on the course and invite parents to watch or play with them at no cost.
- ✚ No golfing experience is needed. All coaching/practice sessions and activities are supervised by accredited golf club members.
- ✚ The program is linked to the My Golf Skills Challenge and Awards Scheme developed by the Victorian Golf Association for juniors. (website <http://mygolf.golfaustralia.org.au/>)
- ✚ Golf equipment can be loaned to your child by the club although individuals can bring or purchase their own if desired.
- ✚ A participation fee of \$35 is charged to assist with program costs and to enrol participants in the My Golf Skills Challenge program.

Golf has exciting sporting, personal development and career opportunities but, above all, it is a game of skill and integrity with positive benefits for all who discover its qualities.

In conclusion, we invite you to come along at any time and enjoy seeing your child in action. We would be pleased and honoured to meet you and it goes without saying that your child will enjoy having you there to see him/her play.
